International Conference on Operations Research OR'94

Berlin, 30. August - 2. September 1994

at the

Technische Universität Berlin
Straße des 17. Juni 135
Berlin-Charlottenburg

under the auspices of

Eberhard Diepgen
Regierender Bürgermeister von Berlin

Welcome!

Operations Research 1994 is the second conference in a series of 4-ennial international joint conferences of the OR societies GMÖOR, ÖGOR, DGOR, and SVOR of the German speaking countries, and, for the first time, the special interest group on optimization, SIGOPT, of the Deutsche Mathematiker Vereinigung, DMV. It serves as a forum for scientists and practitioners in all areas of Operations Research.

The scientific program consists of 4 plenary lectures, 24 semi-plenary lectures, and about 530 contributed lectures in 24 sections. Moreover, more than 20 software demonstrations will be given. There are about 800 participants from more than 40 countries.

We hope that you will have a stimulating and pleasant conference and enjoy your stay in Berlin.

The organizing committee

Prof. Dr. M. Grötschel
Prof. Dr. J. Guddat
Prof. Dr. H. Krallmann
Prof. Dr. R.H. Möhring (chair)

The program committee

Prof. Dr. A. Bachem (GMÖOR)
Prof. Dr. G. Pflug (ÖGOR)
Prof. Dr. B. Fleischmann (DGOR)
Dr. H. Schiltknecht (SVOR)
