

Seminar: Branching processes / Verzweigungsprozesse (2h)

Prof. Dr. Noemi Kurt

Winter semester 2015/16

Thema: The seminar deals with topics from the theory of branching processes. Talks will be based on chapters from textbooks or on original papers.

Prerequisites: The lecture on branching processes is a necessary prerequisite for attending the seminar.

Date: The seminar will be held in one block in January or February 2016. Talks may be held in English or German.

Registration: Registration is necessary until November 2. Topics for talks will be distributed on November 9.
